

CHEMIST-ANALYST VOLUME 37-45 (Paperback)

By Baker Chemical Company

Rarebooksclub.com, United States, 2012. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****. This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1922 Excerpt: . wash, ignite and weigh any precipitate as BaSO₄. continued from page 2) stand these severe tests hai required considerable ingenuity and patience, and we have successfully accomplished the task. We have even gone further and have successfully made the drop test at 20 in. and the swing test at 65 in. In accomplishing this we have also adhered to the same size carboy box as formerly used with the old style of wood cushioning, thus minimizing the cost of the package and the tare weight. Application for a patent covering this improvement has been filed. Stickney (drug store)-- I want some consecrated lye. Roy Springer--You mean concentrated lye. Stick--It does notmeg any difference. That s what I camphor. What does it sulphur? Roy--Fifteen scents. I never cinnamon with so much wit. Stick--Well, I should myrrh myrrh. Yet I ammonia novice at it. The instructions said: Add...

Reviews

Very beneficial to all of class of people. I am quite late in start reading this one, but better then never. You may like just how the writer create this publication.

-- **Audra Klocko PhD**

Thorough information! Its this type of great go through. It is amongst the most incredible publication i actually have read through. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- **Germaine Welch**
