In this research CBOs FBOs are considered as the major community faith based organizations that can ensure the mobilization of every section of the community in anti HIV/AIDS activities. In order to assess the roles played by the different CBOs FBOs, interview focus group discussion were made with the leaders of the organizations. The study set out objectives and used qualitative methods and selected 15 samples using random sampling technique. The data sources are interview of NGOs leaders, key informants of church leaders, Iddir leaders. The activities of governmental and non-governmental organizations were assessed with regard to their activities in involving in HIV/AIDS intervention activities. It was found that increased mortality rate among majority of target group resulting in increased expenditure on burial and related activities progressively depleted the financial resources of the organizations. Community based HIV/AIDS intervention that is undertaken in involving CBOs FBOs in anti HIV/AIDS activities is in its infancy....
