RareBooksClub. Paperback. Book Condition: New. This item is printed on demand. Paperback. 48 pages. Original publisher: Research Triangle Park, NC : U. S. Environmental Protection Agency, Office of Air Quality Planning and Standards, Sector Policies and Programs Division, 2008 OCLC Number: (OCOlc)499078736 Subject: Adhesives -- Environmental aspects. Excerpt: . . . pressures of the VOC components of that cleaning material. The vapor pressure of each VOC component is weighted by the mole fraction of that VOC component in the whole cleaning 2 material, including non-VOC components such as water or exempt compounds. Water and exempt compounds thereby reduce the VOC composite vapor pressure of cleaning materials in which they are present. Although use of lower vapor pressure cleaning materials may reduce VOC emissions, these materials may not be feasible with the broad range of adhesives used in miscellaneous industrial adhesive application processes. Similarly, cleaning materials with low VOC content would generate less VOC emissions than materials with high VOC content, but may not be feasible with the broad range of adhesives used in miscellaneous industrial adhesive application processes. V. Available Controls and Regulatory Approaches As previously mentioned, there are two main sources of VOC emissions from miscellaneous industrial adhesive application processes: ( 1 ) evaporation of VOC from the adhesives and adhesive primers; and ( 2 ) evaporation of VOC from the cleaning materials. This section summarizes the available control options for reducing these VOC emissions and existing State, and local VOC recommendations or requirements that address these emissions. A. Available Controls for VOC Emissions from Adhesives There are two general emission control techniques for reducing VOC emissions from miscellaneous industrial adhesive application processes: pollution prevention measures, and emission capture and add-on control systems. Pollution prevention is the most prevalent control technique being used by facilities operating miscellaneous industrial adhesi....
