Two large health programs - TRICARE and Medicare - influenced the Background design and operation of the Medicare subvention demonstration. A new option, TRICARE Plus, allows beneficiaries to enroll with a 9 primary care provider at participating MTFs. TRICARE covers inpatient services, outpatient services such as physician visits and lab tests, and skilled nursing facility and other post-acute care. It also covers prescription drugs, which are available at MTFs, through DODs National 10 Mail Order Pharmacy, and at civilian pharmacies. TRICARE delivers care through over 600 MTFs - such as medical centers, community hospitals, or major clinics that serve military installations - and a network of civilian providers managed by DODs managed care support contractors. Managed care support contractors also assist beneficiaries and support regional DOD management by providing services...
