COSMETIC AND CLINICAL APPLICATIONS OF BOTOX AND DERMAL FILLERS (HARDBACK)

[DOWNLOAD PDF](#)

SLACK Incorporated, United States, 2015. Hardback. Book Condition: New. 3rd Revised edition. 258 x 180 mm. Language: English . Brand New Book. There has been a recent explosion of public interest in less invasive facial rejuvenation products and treatments. At the forefront of this are the U.S. FDA Approvals of Botox and Xeomin injections. In addition to the broad array of cosmetic applications for botulinum toxin, a new range of functional treatments is similarly beginning to emerge. These treatments include creating a chemical tarsorrhaphy to promote corneal healing, reducing thyroid-associated eyelid retraction, and--most compelling--reducing the frequency and severity of muscle tension and migraine headaches. These new applications significantly expand the scope of botulinum toxin treatments for medical disorders that have traditionally included the treatment of strabismus as well as a number of disorders of spasticity. Cosmetic and Clinical Applications of Botox and Dermal Fillers, Third Edition by Dr. William J. Lipham and Dr. Jill S. Melicher continues to evolve and advance along with these applications, addressing important information for anyone interested in expanding his or her clinical practice in this area. This updated and revised Third Edition also describes how to perform a broad range of treatments with a wide variety of dermal filler agents, including the newer hyaluronic acid and poly-l-lactic acid derivatives. Topics inside the Third Edition include: Treatment of blepharospasm, meige syndrome, and hemifacial spasm Botulinum toxin as a treatment for functional disorders Neuro-ophthalmic uses for botulinum toxin Cosmetic applications of botulinum toxin Periorbital rejuvenation using cosmetic filler agents and fat injection Marketing botulinum toxin and dermal filler agents to build your practice Additionally, an accompanying video website with nine supplemental videos is included to demonstrate the techniques discussed. Video topics include: Botulinum toxin for benign essential blepharospasm Botulinum toxin for hemifacial spasm Botulinum toxin for headaches...
